

**FOR IMMEDIATE RELEASE**

## **Veris Industries Wins Prestigious Oregon's 100 Best Companies To Work for Award**

**PORTLAND, OR** – Veris Industries, a leader in innovative power and energy monitoring solutions, was announced as a recipient in Oregon's 19<sup>th</sup> annual 100 Best survey awards. Veris was ranked 27<sup>th</sup> on the Oregon's Best large company list.

"I am of course biased but I believe that Veris is a preferred place to work because, among other things, our culture demands that our customers are central to our decision making, that our employees and teams are recognized for their contributions to our success, and our work environment fosters entrepreneurial creativity, collaboration, celebration, and having fun each and every day" stated Frank Morey, President of Veris Industries.

The Oregon's Best Survey analyzes companies' best practices toward creating great places to work in the areas of work environment, management and communications, decision-making and trust, career development and learning, and benefits and compensation. 263 companies participated in this year's survey, with over 14,000 Oregon employees completing the survey.
